Flower Power!

Main Street Delaware Flower Pot Program!

This year, we are beginning a pilot **Flower Pot Program** to add ground level pots to our downtown intersections. Your \$125 sponsorship will cover the cost of materials, watering, fertilizing, maintenance and equipment. Our program will add streetscape scaled pots full of beautiful blooms that will adorn our downtown streets *year round*. The pots will include evergreens that will be decorated and maintained every season!

Thank you for your support in beautifying our wonderful downtown and the peace and love are up to you.

With your sponsorship you will receive a static cling sticker for your home or business notating your sponsorship of the downtown flower program.

I am enclosing my \$125 sponsorship or;
 I would like to be billed for my \$125 sponsorship.
